WHO WE ARE

Global Empowerment Mission (GEM) is a disaster relief organization dedicated to delivering the most aid to the most people in the shortest time, with the lowest cost to donors. Founded in 2011, GEM uses an innovative, scalable response model with pre-positioned resources and established distribution networks to deliver critical aid within the first 48–72 hours.

COLOMBIA EARTHQUAKE

On August 10th, western Colombia was stuck by a devastating 7.4 magnitude earthquake, immediately destroying infrastructure, displacing families, and causing significant damage.

The GEM LATAM team is currently on the ground in Colombia.

We are committed to both immediate assistance and long-term recovery efforts to assist in the short and long term needs.
