ABOUT THE CHAMBER

The Greater Miami Chamber of Commerce is the proud voice of the South Florida business community and a civic engine that fuels the advancement of our great city. Founded in 1907 as the Miami Board of Trade, today's Chamber boasts representing more than 400,000 member company employees and is heralded for its legacy of leadership in economic development, and its unwavering commitment to improving the Miami-Dade community.

We understand that Miami's private sector is the most imaginative and powerful resource the city has to getting things done that positively impact our businesses and our lifestyles. By coming together, we involve some of this community's best and brightest in addressing current challenges and in implementing programs that position the region for future success through new Miami business and young professional mentorship.

Supporting the Greater Miami Chamber's efforts is the South Florida Progress Foundation, a not-for-profit arm that invests in programs and activities designed to improve the quality of life in Miami-Dade. Additionally, members are invited and encouraged to participate in special committees, educational seminars and conferences, member-to-member programs, new business development trips, advertising and sponsorship opportunities, networking receptions, young professional mentorship and special events – totaling more than 150 events each year.

The Greater Miami Chamber of Commerce succeeds because Miami's finest business leaders get involved. Join us and let's work together to grow our companies and improve the community we call home. It's for good business and it's good for everyone.

LETTER FROM THE PRESIDENT

As I write this letter, my thoughts and prayers are with you and your families in hopes that you are staying safe.

We are sending you this year's directory electronically so that you receive it in your inbox and can begin to use it to stay in touch with other members. Ironically, when I first wrote this letter in late January, my first line was a quote from the philosopher Heraclitus who said, "the only thing constant is change." Never did I expect these words to have such a profound impact on our world as they have in the past two months.

As we began this new decade, we were focused on the changes that our community would face and how the chamber can help our members. Most of those changes are out the window and a whole new set of changes are now

confronting us.

I have been working with our staff to re-engineer our operation to continue providing you with information and support during this incredibly difficult time.

We are moving to the virtual world at lightning speed, we have already begun a series of webinars and electronic meetings that have been very well received by our members and we will continue to use these tools even after the crisis has passed.

We have begun working to get our staff licensed to provide support for applicants and the banks to get applications processed correctly and quickly as we know how important it is for you to get the financial support you need.

Every resource we identify is being shared through our communications with you and, in turn, we are sharing every resource that you, our members, have sent us to help each other.

For most of us, this is a once in a lifetime occurrence and we are feeling our way through these uncharted waters on a daily basis.

We will get through this together so please stay home, stay safe and stay in touch so we can help in any way we can.

Sincerely,

A handwritten signature in black ink, appearing to be 'AS' with a stylized flourish.

Alfred Sanchez

LETTER FROM THE CHAIR

I'd like to echo Alfred's comment in sending you my prayers that you and your families are safe.

As your Chairman this year and as the Market President of a bank, I was not prepared for the situation we all find ourselves in today.

I can assure you that I am doing everything I can to not only keep our chamber working hard for you but also working with my fellow bankers to get you the support you need as quickly as possible.

I'm very proud of the work the chamber staff is doing to get information in to the hands of our members that will help you navigate through the processes to file the proper forms and find the answers you are looking for and we will continue to provide you all the information that is reputable and relevant.

This is not the way I wanted to end my year as chairman but these are the cards we have been dealt and we will make the most of the hand we were given. Our

chamber has a strong history of elevating its value and impact when challenged, this is no exception – we will come out stronger and better.

Please feel free to reach out to me or any member of our Board to help you in any way we can. I remain your humble servant.

Sincerely

A handwritten signature in black ink, appearing to be 'Basulto' in a cursive style.

Felipe Basulto

Miami-Dade County encompasses more than 2,000 square miles (larger than the states of Rhode Island and Delaware). One-third of Miami-Dade County is located in Everglades National Park. Our community is located along the southeast tip of the Florida peninsula. It is bounded by Biscayne Bay and the Atlantic Ocean to the east, Everglades National Park to the west, the Florida Keys to the south, and Broward County to the North.

That feeling!

You know the one. It's the one that comes with owning your own business and achieving what you knew would be possible. That's the same feeling you get with a Quick and Easy Business Loan from Ocean Bank.
